

# CRA Clad Ball Valves

Cladtek is one of the world's leading manufacturers and suppliers of CRA clad products.

From pipe, fittings, flanges, induction bends, pipe spool fabrication, and pressure vessels, we now offer a range of CRA clad ball valves.

Our ball valves can be supplied as standalone products or as part of a complete CRA clad package, meeting our one-stop-shop commitment to our customers.

## The Cladtek Ball Valve Range includes:

- Side Entry Ball Valves
- Top Entry Ball Valves
- Fully Welded Ball Valves
- Two-Block Valves (Double Block and Bleed)
- Compact Ball Valves
- Bespoke Subsea Ball Valves

Cladtek manufacturing facility in Batam is fully certified to API 6D and our valves can be designed to meet the requirements of API 6DSS. We have the latest technology testing equipment including Fugitive Emission and Gas test facilities to assure product integrity. Our Italian design team has extensive experience in designing CRA clad ball valves and are experts in severe service applications.

## Product Technical Details

- Class:** 150 to 4500 (special class) / API 10,000
- Diameter:** Up to 56" diameter
- Operator:** Manual, Gear, Electric-Pneumatic-Hydraulic Actuated
- Ends:** Flanged, welded, special hubs
